Honors Mentor Program, Fall 2022

Are you interested in helping shape the experience of a first-year Honors student? Want to build your resume with leadership experience? If so, apply to be a mentor in the Honors Mentor Program!

Honors mentors are responsible for meeting with their mentee(s) and helping them find community within the University Honors Program. Mentors aid first-year students in their transition from high school to the University, serve as a link to the University Honors Program, and address Honors-related questions and concerns. The program strives to match mentors and mentees with similar majors and extracurricular interests to provide peer support in navigating the University.

The Mentor Program is planning for in-person activities in the Fall 2022 semester; however, we will stay flexible and adjust as public health conditions require. Mentor-mentee pairs will be encouraged to meet in-person for three meetings, but Zoom, email, and text communications are welcome if participants agree.

Requirements

- Fall 2022 semester commitment
- Mandatory virtual training in August (expected to be asynchronous)
- Kick-off event during the first two weeks of the fall semester
- Three in-person meetings with your mentee (not including initial kick-off event)
- Sophomore, Junior, or Senior standing (as of fall 2022)
- Extracurricular experience and a strong commitment to the U of M

Apply by Monday, May 23rd!

CLICK HERE TO APPLY

(You must be signed into your U of M email/Google account to access the application.)

Please note: If you apply, the Mentor Program will share more information over the summer via U of M email. Mentor/mentee matches will be made in mid-to-late August.
